**COMPANY PROFILE 2022**

## MESSAGE FROM THE PRESIDENT AND FOUNDER

**ENGR RONIE HERNANI  
REE, RME, VECO ACCREDITED**  
0915 185 8090 • 0906 364 0182

In the past 17 years of being in this business, I have seen the construction industry evolve except for one fundamental thing - the desire of every client to find the best construction team to build their project.

We at RBH are intensely proud of the solid reputation that we have built over the years by committing to the highest quality standards and excellent customer satisfaction.

Our honest, transparent and ethical approach to business helps us maintain long term relationships with our clients. Over 50% of our work comes from repeat clients and referrals as a result of our quality workmanship.

We don't just work with concrete and steel. We work with people.

As such, we make it a point to partner with you in order to meet your highest expectations. We go above and beyond to build your project ideas and bring them to life.

We have the expertise that you need and the personal touch that you want.

We would welcome the opportunity your trusted partner in your upcoming projects.

Together, let us build your homes, your business and your brand.

# OUR VISION

03

It is our vision to be one of the market leaders and preferred service providers in the construction and real estate industry in the Philippines.

## OUR MISSION

We strive to build a legacy through our dedication in delivering the best workmanship and maintaining the highest level of professionalism, honesty, integrity and fairness in all our relationships with our customers, employees and vendors.

Our concern for nation building and human development move us to implement solutions that promotes excellent customer satisfaction.

# ABOUT US

**RBH ENGINEERING AND CONTRACTOR SERVICES** (formerly RBH ENGINEERING SALES SERVICES) was established on August 26, 2004 and has since earned a reputation as one of the most outstanding providers of electrical and industrial construction services.

Our expertise in estimating, construction, project management and pre-construction services ensures that our customers receive quality workmanship at a fair price and in a reasonable time frame.

Through hiring highly-trained staff and our selective use of responsible subcontractors, we have achieved an edge over our competitors, and remained at the forefront of engineering and construction technologies.

Regardless of whether you are an owner, architect, designer, engineer, tenant, broker, subcontractor or supplier, you are a respected member of our team and will be treated as such.

This commitment to team and to open project leadership has yielded for us not only highly successful construction projects, but more importantly, satisfied customers.

As a fully insured, licensed and completely bondable construction management company, we approach each project with the most cost-effective way from the bid phase to completion.

We're committed to your success. Contact us today and let us know how we can help your next project succeed.

**RBH COMPANY**

**PROFILE**

1. The Licensee must observe and abide by the provisions of Republic Act No. 4566, as amended by Presidential Decree No. 1746, its implementing Rules and Regulations, and other orders or instructions which the Philippine Contractors Accreditation Board shall issue from time to time pursuant to its power and authority under the law.
2. The License shall be valid during the contracting fiscal year it was issued provided it has not been suspended, cancelled, or revoked by the Board.
3. The License must be renewed annually on or before the expiration of its validity; otherwise, the contractor shall be deemed to be operating without a valid license.
4. The License is non-transferable.
5. The Licensee must not submit bids, sign construction contracts nor undertake construction projects after his/its license has expired and before the same is renewed otherwise the contractor shall be meted the appropriate disciplinary action and pay additional licensing fee in accordance with the existing schedule.
6. The Licensee's qualification is subject to review at any time to ascertain the contractor's eligibility to the present classification and category of his license.
7. License category may be upgraded and other classification(s) may be added to the license only upon formal application by the Licensee together with all the necessary supporting documents.
8. The Licensee must not undertake/implement construction projects which are not within the scope of the license's classification otherwise may be imposed appropriate disciplinary action and payment of additional licensing fee in accordance with the existing schedule.
9. The Licensee must immediately notify the Board in writing of the resignation or disassociation of its Sustaining Technical Employee and must replace the said employee within a period of ninety (90) days from the date of resignation or disassociation, failure to notify the Board within 30 days from the date of resignation of the Sustaining Technical Employee is a ground for immediate revision in the category and classification(s) of the Licensee.
10. Submission of falsified documents or any misrepresentation or false information in the application for a license or renewal thereof shall subject the Licensee to administrative disciplinary action without prejudice to the imposition of penal sanctions provided for by Law.
11. The Licensee must submit to the Board monitoring reports that may be required from time to time.
12. A Licensee who is retiring from the construction business must advise the Board in writing and must immediately surrender the license to the Board for cancellation.
13. The Licensee must at all times observe and adhere to the letter and spirit of the Code of Ethics of constructors.
14. The License is valid only when signed by the individual proprietor or the Authorized Managing Officer of the Licensee.
15. The Licensee must employ only licensed subcontractors and/or specialty contractors.
16. The Licensee shall sub-contract only from a licensed contractor.
17. The Licensee shall only sub-contract from a licensed project owner undertaking by himself, a project for commercial / industrial use.

1. A constructor should be fair and honest in his business dealings, his practices and activities guided by principles of justice and equity.
2. A constructor should conduct himself with honor and dignity in his relations with his fellow constructors, fully aware that to speak maliciously of the work reputation or ability of a fellow constructor is highly unethical, and should cooperate with them for the protection and advancement of the construction industry.
3. A constructor should undertake his construction contracting activities on high ethical level and deliver quality service and faithful performance of the undertaking to which owner-clients are entitled.
4. A constructor should not advertise his firm's business in misleading terms and make false representations which may not only be improper but also immoral.
5. A constructor should refrain from the unfair competition which is a disservice to the construction industry.
6. A constructor should be fair and just to his employees, consider their welfare with sympathy and understanding.
7. A constructor should not attempt to supplant a fellow constructor who is in the employ of the owner or prevent a constructor from undertaking that which the owner has engaged him to do as it is a practice inconsistent with the honor and dignity of the construction contracting industry.
8. A constructor should hold himself dedicated to the proposition that the construction industry should be rid of participants whose reputation, conduct and practices are inimical to the construction industry.
